**"Teaching Excellence,**

**"Inspiring Greatness"**

Premier Volleyball Academy is an academy designed many different programs with the sport of volleyball. The academy houses hundreds of youth players in our travel team program, along with youth development programs for all players. Having been in business for more than 10 years, we are currently the largest junior volleyball program in the state of Ohio serving young athletes in their volleyball endeavors. In addition to our youth programs which house about 400 players per year, we are the biggest facility that hosts adult volleyball with more than 600 players in leagues competing throughout the week. Another major portion of our visitors to our facility come from tournaments that we host each weekend for both juniors and adults. These tournaments welcome hundreds of participants and spectators for the entire day. We host over 30 events each year in the winter/spring months.

Here at Premier Volleyball Academy, we offer advertising opportunities for local business in a partnership with our players. Each year we produce a membership book of our junior club players in February. This is a yearbook style book that is generated to all of our members in our program. It is used to help offset club member fees for youth players that need the financial assistance to play travel volleyball for us. **Players can solicit ads from business and they will receive 100 percent of the ad back to them off of their club dues.** A lot of our players need this assistance in order to participate. Ad prices for the club program are listed below. If you would like to advertise in our program, please send in the form along with the ad by the printing deadline of **January 10, 2010.**

We hope that you feel that this could be a great bonus to your company's business as much as we do.
