

# Fall Elite Private Group Lessons

## Setting, Attacking, or Defensive/Passing series for Elite Players

This fall, we will once again offer the **Elite Series** at Premier Academy. The purpose of this series is to schedule private group lessons for elite players to keep training at a high level on technical work such as arm-swing mechanics, movement, platform technique, etc. over the fall months. Players can come to as many or as little amount of sessions as they want after they sign up. To be eligible to attend Elite Series, players must have competed on a National Level club team for the 2009 club season. Players from outside of Premier are welcome to attend Elite Series.

Players may register for more than one series if they want to do two. For example: a setter can come to setting and stay for attacking. Each skill session that you sign up for is \$120. Players can only register for the entire series of 6 sessions even if you have to miss some. You cannot pro-rate sessions, and you cannot hold a spot without payment for this series. This is for players in 9-12<sup>th</sup> grade only.

### Cost

\$120 each skill
